PROFESSIONAL SUMMARY

Full-stack developer with 3+ years of experience in **React.js**, **Node.js**, **Python**, and **Flask**, specializing in AI-based automation, OCR systems, and enterprise workflow development. Proven ability to lead end-to-end product development—from architecture and backend APIs to frontend interfaces and deployment. Strong background in integrating OpenAI, Tesseract OCR, automation workflows, and scalable PWAs.

SKILLS SUMMARY

Frontend

React.js, JavaScript (ES6+), HTML5, CSS3, jQuery, PWA development

Backend

Node.js, Express.js, Python, Flask, REST APIs

AI / Automation

Tesseract OCR, OpenAI GPT-4o, Llama, n8n Automation, NLP Flows

Databases

MySQL, MongoDB

Tools & Platforms

Git, Jenkins, ELK Stack, MS Graph API, n8n, Power BI, Postman, VS Code, Termius, FileZilla, PuTTY

EXPERIENCE SUMMARY

- 3+ years of experience in full-stack development and AI-based solutions.
 - Led multiple end-to-end projects from concept and design through development and deployment.
 - Expertise in **OCR systems**, document validation, workflow automation, and PWA enhancements.
 - Experience mentoring and conducting **Node.js training sessions** for new hires.
 - Strong track record of delivering scalable, high-performance, production-ready applications.
-

PROFESSIONAL EXPERIENCE

Senior Executive – React & Node.js Developer

Shyam Spectra Pvt Ltd | May 2022 – Present

Key Responsibilities:

- Lead full-stack development of enterprise applications using **React.js**, **Node.js**, **Python**, and **Flask**.
 - Develop and integrate **RESTful APIs** for customer portals, automation workflows, and internal tools.
 - Build **AI-powered automation modules**, including OCR validation and photo verification.
 - Implement PWA features to enhance performance and mobile usability.
 - Collaborate with cross-functional teams to improve system scalability and maintainability.
 - Conduct training sessions for freshers on Node.js development and best practices.
-

MAJOR PROJECTS

1. Spectra One – Customer Self-Care Portal

Tech: React.js, Node.js, Express.js, MySQL, PWA

Team Size: 2 | Status: Ongoing

Impact & Contributions:

- Built user dashboards for payments, service requests, usage history, and account management.
 - Developed backend APIs enabling real-time data updates and service request tracking.
 - Improved UI responsiveness and overall performance through optimized React components.
 - Added PWA support to improve accessibility for mobile users.
-

2. FFA Portal – Customer Onboarding Portal

Tech: React.js, Node.js, Express.js, MySQL, PWA

Team Size: 2

Impact & Contributions:

- Architected a complete onboarding workflow including contact management, lead handling, opportunity creation, and CAF management.
 - Implemented modules for meeting scheduling, Wi-Fi plan sharing, negotiation workflows, and discount logic.
 - Ensured high system reliability and seamless integration with backend services.
-

3. CAF Document Verification – Intelligent OCR System

Tech: Python, Flask, Tesseract OCR, OpenAI GPT-4o

Solo Project

Impact & Contributions:

- Designed and built an OCR pipeline for CAF document extraction and validation.
 - Integrated OpenAI GPT-4o for semantic matching, field verification, and error detection.
 - Created Flask APIs to connect the OCR engine with the FFA portal.
 - Reduced manual data validation effort through automation.
-

4. Live Photo Validation API

Tech: Python, Flask

Solo Project

Impact & Contributions:

- Developed a mechanized photo validation engine with rules for:
 - Person detection
 - Frame and angle validation
 - Solid white background detection
 - Eye and shoulder visibility
-

5. n8n Automation with MS Teams

Tech: n8n, Microsoft Teams, Power Automate, Microsoft Graph API

Team Size: 2

Impact & Contributions:

- Designed a chatbot environment for sales training workflows.
 - Built interactive text and voice modules to simulate customer scenarios.
 - MS Teams integration to support team-wide practice sessions.
 - Improved training efficiency and consistency across sales teams.
-

EDUCATION

Master of Computer Applications (MCA)

Noida Institute of Engineering and Technology, Greater Noida

CGPA: 8.84

AWARDS & ACHIEVEMENTS

- **Appreciation Letter** for presenting an AI-powered chatbot during “AI Show and Share Day”.
- **Promoted** from Executive to Senior Executive at Shyam Spectra Pvt Ltd.
- **Delivered multiple high-impact projects** from solution design to deployment.
- **Academic Excellence:** Class Representative; organized departmental events.
